Fact Sheet - 31 December 2024

*Manager Commentary***As at: 31 December 2024**

*The Income Return is the total dividend per calendar year as a percentage of the share price as at the end of the previous calendar year (excluding dividend). The Capital Return is the movement of the share price over a calendar year. The Total Return is the total of the Income Return and the Capital Return. The Capital Return and the Total Return are not guaranteed and may go down as well as up.

** Income yield is net of the fund's fees and expenses. This yield, which constitutes the income that the assets of the fund generate in relation to their value and the frequency of payments are not guaranteed and may vary.

***Annualised return is an indication of the average growth of the Fund over one year. Any sharp fluctuations in the performance of the Fund over a period of time, is not necessarily represented by the annualised return indicated. The annualised return is not guaranteed and may go down as well as up. The value of the investment may fall as well as rise and currency fluctuations may also affect the value of the investment. Any initial charges and exit fees that may apply may lower the amount invested and the amount received upon redemptions.
