Investment Manager	BOV Asset Management Limited.
Custodian	Bank of Valletta p.l.c.
Administrator	BOV Fund Services Limited.
Guarantor	Bank of Valletta p.l.c.

INVESTMENT OBJECTIVE AND POLICY

Investment Objective

The Sub-Fund aims to guarantee Unit Holders' initial investment and a fixed return of 3.25% per annum for the first year, a fixed return of 3.75% for the second year and a fixed return of 4.10% for the third year, in accordance with the terms of this Offering Supplement.

The Investment Objective will only be attained if the investment is held until Maturity Date.

Investment Policies

The Investment Manager intends to seek to achieve the Sub-Fund's investment objective by investing predominantly in listed Sterling denominated debt securities, whether corporate and/or supranational and/or sovereign, the majority of which shall be rated Investment Grade at the point of investment by the Sub-Fund. Without prejudice to this, the Investment Manager intends to invest the majority of the Sub-Fund's portfolio in fixed coupon Sterling denominated corporate debt securities targeting a maturity of close to but less than three years. Should the rating of the securities fall below Investment Grade at any point in time subsequent to investment, the Investment Manager shall have full discretion whether to retain such security or sell it.

The Investment Manager (on behalf of the Sub-Fund) intends to invest the Sub-Fund's entire portfolio in debt securities as above-mentioned, however, the Investment Manager may invest up to 100% of the Sub-Fund's Net Asset Value in cash, cash equivalents or Money Market Instruments, particularly in preparation for final redemption on Maturity Date.

The Investment Manager may (on behalf of the Sub-Fund) also utilise FDIs (including OTC FDI's) for the purpose of efficient portfolio management and hedging, and as such, FDIs will not be used for speculative purposes. Such FDIs may include, though are not limited to, forward foreign exchange contracts for currency hedging. Prospective investors are referred to the risk factor entitled 'Use of FDIs' in the section of the Prospectus headed 'Risk Factors' for an indication of the FDIs which may be used by the Investment Manager and the risks associated therewith.

SPECIFIC RISK FACTORS

IT IS RECOMMENDED THAT PROSPECTIVE INVESTORS CONSULT THEIR OWN FINANCIAL ADVISORS BEFORE DECIDING TO INVEST IN THE SUB-FUND. THE SPECIFIC RISK FACTORS APPLICABLE TO THE SUB-FUND (HIGHLIGHTED BELOW) SHOULD BE READ IN CONJUNCTION WITH THE RISK FACTORS SET OUT IN THE PROSPECTUS.

Market risk

This is a general risk which the Sub-Fund is exposed to. Any movement in price of the investments of the Sub-Fund will affect the Sub-Fund's NAV. Consequently, any losses which may be caused due to the global economy and/or any political and economical circumstances of the countries in which the issuers of the debt securities are situated in will cause a loss to the Sub-Fund and may lead to the consequent reduction in NAV per Unit (which may impact, in particular, any Unit Holder who/which redeems its Units prior to the Maturity Date).

Credit Risk

The Sub-Fund may invest in debt securities which may expose the Sub-Fund to the risk that an issuer may default on the payment of principal and/or interest. In the event that any issuer of bonds or other debt securities experiences financial or economic difficulties, this may affect the value of the relevant securities and any amounts paid on such securities. This may in turn affect the NAV per Unit.

Interest Rate Changes

Interest rate risk includes, but is not limited to:

- (a) the risk that debt obligations will decline in value because of changes in interest rates. Generally, debt securities will decrease in value when interest rates rise and increase in value when interest rates decline. The value of a Sub-Fund's investments may fluctuate with the level of prevailing interest rates from time to time;
- (b) the risk that the cost of any borrowing by the Sub-Fund, on which interest is payable at a variable rate, will increase if the relevant rate of interest moves higher. Conversely, assets which earn interest at a variable rate will suffer a decline in income if the relevant rate of interest declines.

Credit Ratings

The Sub-Fund shall invest in debt securities which are rated Investment Grade at the point of investment. Management of the Sub-Fund's investments thus involve substantial reliance on credit ratings. Credit ratings are assigned by rating agencies. The level of a credit rating is an indication of the probability that (in the opinion of the rating agency)

payments will be made on the relevant bond(s) or other obligation(s) to which the credit rating relates. While credit ratings can be a useful tool for financial analysis, they are not a guarantee of quality or a guarantee of future performance in relation to the relevant obligations. Ratings assigned to securities by rating agencies may not fully reflect the true risks of an investment. Ratings may also be withdrawn or revised at any time.

Redemption prior to maturity

In the event that a Unit Holder redeems prior to the Maturity Date, there is a substantial risk that he/she/it will not receive the value of his/her/its initial investment and guaranteed return, which would otherwise be guaranteed in accordance with the terms of this Offering Supplement. This could expose Unit Holders to losses or to lesser returns than would have been achieved had a Unit Holder held his/her/its investment until the Maturity Date. Unit Holders should refer to the sub-section entitled 'Early Redemption; loss of benefits' under the section "Purchase, Distributions & Redemptions" for further information.

In addition, Unit Holders submitting an early redemption request prior to Maturity Date may also incur a redemption fee. Unit Holders should refer to the sub-section entitled 'Redemption Fee' under the section "Fees" for further information.

No payments under the guarantee

The Guarantor shall have no obligation to pay any amounts to Unit Holders in the event of changes to law, regulations and/or taxation regimes which may have an impact on the calculation of NAV and/or NAV per Unit. Further details are contained in the sub-section of this Offering Supplement headed 'Non-effectiveness of Guarantee'.

THE FOREGOING LIST OF RISK FACTORS IS NOT AND DOES NOT PURPORT TO BE A COMPLETE EXPLANATION OF THE RISKS INVOLVED IN AN INVESTMENT IN THE SUB-FUND. PROSPECTIVE INVESTORS SHOULD READ THE ENTIRE PROSPECTUS AND OFFERING SUPPLEMENT AND CONSULT THEIR OWN FINANCIAL ADVISORS BEFORE DECIDING TO INVEST IN THE SUB-FUND.

PURCHASE, DISTRIBUTIONS & REDEMPTIONS

A. Purchase of Units

Subscriptions in the Units may be made during the Initial Offering Period, by way of lump sum investment. Units will be issued to successful applicants at the Initial Offering Price on the Launch Date, subject to:

- i. Receipt by the Investment Manager (at the offices of the Administrator) of the relevant and properly completed subscription form and accompanying documents; and
- ii. confirmation from the Administrator that the full amount subscribed for the Units has been received in cleared funds.

All applications for subscription must be received by noon (CET) three (3) Business Days prior to the Launch Date or such later date as the Manager may in its discretion accept.

Units in the Sub-Fund will be issued to four (4) decimal places.

No Units will be offered after the lapse of the Initial Offering Period.

Unless otherwise determined by the Investment Manager, no application shall be processed for less than the Minimum Initial Investment.

The Investment Manager has discretion to reject a subscription application, for any reason.

B. Distributions

In the absence of unforeseen circumstances, the Sub-Fund will effect two distributions to each Unit Holder on 28 March 2025 (the “**First Interim Distribution Date**”) and 27 March 2026 (the “**Second Interim Distribution Date**”) (collectively to be referred to as the “**Interim Distribution Date(s)**”) in accordance with the terms set out below.

The amount to be distributed to each Unit Holder as at the First Interim Distribution Date will (gross of tax and expenses) amount to 3.25% of the Initial Offering Price, multiplied by the number of Units held by that Unit Holder on the relevant Interim Distribution Date. The amount to be distributed to each Unit Holder as at the Second Interim Distribution Date will (gross of tax and expenses) amount to 3.75% of the Initial Offering Price, multiplied by the number of Units held by that Unit Holder on the relevant Interim Distribution Date.

The interim distribution to each Unit Holder as at each Interim Distribution Date will be calculated in accordance with the following formula:

Interim Distribution = IOP * N * the relevant % above mentioned on each Interim Distribution Date

Where:

- (i) "Interim Distribution" means the value of the interim distribution to be received by a Unit Holder as at the relevant Interim Distribution Date;
- (ii) "IOP" means £100;
- (iii) "N" means the number of Units held by a Unit Holder as at the relevant Interim Distribution Date.

The interim distributions will be made net of any bank charges and net of any tax which the Manager, the Fund and/or the Sub-Fund may be obliged to withhold in terms of applicable law from time to time. Any such taxes and/or charges will therefore be deducted from the resultant value of any interim distribution arrived at by applying the above formula.

Payment of each interim distribution to each Unit Holder calculated in accordance with this sub-section (each an "**Interim Distribution**" and collectively the "**Interim Distributions**") is expected to be made on each Interim Distribution Date, however, the Manager reserves discretion to pay, out of the property of the Sub-Fund, each Interim Distribution within a maximum of 14 calendar days from each Interim Distribution Date (the "**Interim Payment Cut-Off Date**").

C. Final redemption

General

The Sub-Fund has a finite duration.

On the Maturity Date, each Unit in the Sub-Fund will be mandatorily and unilaterally redeemed at £104.10, such that, on the Maturity Date, each Unit Holder will receive (gross of tax and expenses) an amount calculated in accordance with the following formula:

Final distribution: $£104.10 * N$

Where:

- (i) "Final Distribution" means the value of the final distribution to be received by a Unit Holder as at the Maturity Date;
- (ii) "N" means the number of Units held by a Unit Holder as at the Maturity Date.

The final distribution will be made net of any bank charges and net of any tax which the Manager, the Fund and/or the Sub-Fund may be obliged to withhold in terms of applicable law from time to time. Any such taxes and/or charges will therefore be deducted from any the resultant value of the final distribution arrived at by applying the above formula.

Payment of final redemption proceeds to each Unit Holder calculated in accordance with this sub-section (“**Final Redemption Amount**”) is expected to be made on the Maturity Date, however the Manager reserves discretion to pay final redemption proceeds out of the property of the Sub-Fund, calculated in accordance with the terms hereof within a maximum of 14 calendar days from the Maturity Date (the “**Final Redemption Cut-Off Date**”).

Returns to Investment Manager

In the event that the NAV per Unit is higher than £104.10 at the Maturity Date, any excess will not be paid to the Unit Holders but retained by the Sub-Fund and paid out to the Investment Manager, as fees for investment management services rendered.

No formalities for redemption

By investing in the Sub-Fund, each Unit Holder acknowledges and accepts that the redemption of Unit Holders’ units on final redemption does not require the submission of a redemption request by the Unit Holder or any other action or consent or approval by any Unit Holder. Such redemption shall be effected unilaterally by the cancellation of all outstanding Units and the payment of redemption proceeds in accordance with the terms set out above.

By investing in the Sub-Fund, each Unit Holder hereby irrevocably and unconditionally appoints and authorises the Investment Manager by way of security, which declares to have an interest in this mandate and accepts the same as part of its security for the performance of the Unit Holder’s obligations, as its attorney (with full power of substitution, including in favour of the Administrator) and in its name or otherwise on its behalf to sign, seal, execute, deliver, perfect and do all agreements, instruments, acts and things which may be required or which the Investment Manager (or any delegate appointed thereby) shall reasonably think proper or expedient for exercising and/or giving effect to any of the rights set out herein, including to effect a mandatory redemption on the above terms or to give the Manager, the Fund and/or the Sub-Fund the full benefit of the security constituted. Each Unit Holder ratifies and confirms and agrees to ratify and confirm any agreement, instrument, act or thing which the Investment Manager or any delegate appointed thereby may execute or do.

D. Guarantee

Non-payment, in full

In the event that:

- (a) one or more Unit Holder(s) do not receive an Interim Distribution by the Interim Payment Cut-Off Date; and/or

- (b) one or more Unit Holder(s) do not receive the Final Redemption Amount by the Final Redemption Cut-Off Date,

the Guarantor will, pursuant to the terms of the Guarantee Agreement, pay the Interim Distribution or Final Redemption Amount (as the case may be) to the Unit Holder by crediting the account of the Unit Holder designated for this purpose in the Subscription Agreement. Such payment will be effected within a maximum of 14 calendar days from the Interim Payment Cut-Off Date or the Final Redemption Cut-off Date (as the case may be).

In the event that a payment to a Unit Holder in terms of this Offering Supplement is rejected for any reason beyond the Investment Manager's control, this shall not constitute grounds for payment by the Guarantor under the Guarantee. Likewise, if any payment by the Guarantor, when due in terms of this Offering Supplement, is rejected for any reason beyond the Guarantor's control, this shall not constitute default by the Investment Manager, the Fund, the Sub-Fund and/or the Guarantor and the Unit Holder shall take all steps necessary in order to permit payment to be effected, failing which the Investment Manager, the Fund, the Sub-Fund and/or the Guarantor may restrict or retain the amount(s) which would otherwise have been distributed.

Non-payment in part

In the event that:

- (a) one or more Unit Holder(s) receive part but not all of an Interim Distribution by the Interim Payment Cut-Off Date; and/or
(b) one or more Unit Holder(s) receive part but not all of the Final Redemption Amount by the Final Redemption Cut-Off Date,

the Guarantor will, pursuant to the terms of the Guarantee Agreement, pay the remaining unpaid portion of Interim Distribution or Final Redemption Amount (as the case may be) (the "**Unpaid Portion**") to the Unit Holder by crediting the account of the Unit Holder designated for this purpose in the Subscription Agreement. Such payment will be effected within a maximum of 14 calendar days from the Interim Payment Cut-Off Date or the Final Redemption Cut-off Date (as the case may be).

Payment by the Guarantor in terms of this sub-section may be triggered in the event that, on the Maturity Date, NAV per Unit is below £104.10, and, accordingly, the Sub-Fund is in a position to pay out part (but not all) of the Final Redemption Amount.

In the event of part-payment by the Sub-Fund of an Interim Distribution or the Final Redemption Amount (as the case may be), a Unit Holder shall only limitedly have a right to receive the Unpaid Portion from the Guarantor and will not be entitled to the full amount of the Interim Distribution or Final Redemption Amount (as the case may be).

General

Any payments by the Guarantor, if due and made in terms of this Offering Supplement, will be made net of any bank charges and net of any tax which may be required to be withheld in terms of applicable law from time to time. Any such taxes and/or charges will therefore be deducted from any payments made to Unit Holders.

Non-effectiveness of Guarantee

The Guarantor shall have no obligation to pay any amounts to Unit Holders in the event that: (a) one or more Unit Holder(s) do not receive an Interim Distribution (in whole or in part) by the Interim Payment Cut-Off Date; and/or (b) one or more Unit Holder(s) do not receive the Final Redemption Amount (in whole or in part) by the Final Redemption Cut-Off Date, in either case due to:

- (a) Any change(s) to law and/or regulations which can have an impact on the calculation of NAV and/or NAV per Unit; and/or
- (b) any change(s) in the tax regime applicable to the Fund, the Sub-Fund and/or any underlying investments of the Sub-Fund which can have an impact on the calculation of NAV and/or NAV per Unit

(an “**Adverse Event**”).

An independent third party shall be jointly appointed by the Investment Manager and a representative of the Unit Holders in order to determine that an Adverse Event has occurred. The independent third party’s decision as to whether an Adverse Event has occurred shall be final and binding.

E. Failure to pay an Interim Distribution

Without prejudice to the obligations of the Guarantor under the Guarantee Agreement to guarantee the Interim Distributions, the failure by the Sub-Fund to pay an Interim Distribution will not impact the duration of the Sub-Fund which will run to the Maturity Date, in accordance with the terms of this Offering Supplement.

F. Failure by Unit Holder to comply with obligations

In the event that a Unit Holder fails to comply with his/her/its obligations relevant to the prevention of money laundering and/or countering of terrorism financing, the Investment Manager, the Fund, the Sub-Fund and the Guarantor shall have no obligation of any nature whatsoever to effect payments pursuant to the terms of this Offering Supplement.

G. Redemptions prior to Maturity Date

General

This Sub-Fund is designed for Unit Holders who wish to hold their investment until the

Maturity Date.

Early redemption; loss of benefits

Notwithstanding the foregoing, a Unit Holder may at any time irrevocably request the redemption of all his/her/its Units in accordance with the terms hereof. Unless otherwise accepted at the discretion of the Investment Manager, part-redemptions will not be accepted from a Unit Holder and in any case no redemptions will be accepted below the Minimum Redemption Amount. In calculating whether such Minimum Redemption Amount will be breached, the Investment Manager shall also consider any redemption fees due upon such redemption request.

Any Unit Holder who redeems all his/her/its Units prior to the Maturity Date will:

- (i) Not receive any Interim Distribution falling after the date of his/her/its request;
- (ii) will not receive the Final Redemption Amount;
- (iii) will not benefit from the guarantee described in this Offering Supplement.

To the extent that the Investment Manager accepts (at its discretion) a redemption in part from a Unit Holder, the Unit Holder will, in respect of the Units so redeemed:

- (i) Not receive any Interim Distribution falling after the date of his/her/its request in respect of those Units so redeemed;
- (ii) will not receive a final distribution on the Maturity Date in respect of those Units so redeemed;
- (iii) will not benefit from the guarantee described in this Offering Supplement in respect of the redeemed Units.

Process

Redemption instructions may be made on a Redemption Form (or in any other written form acceptable to the Investment Manager) which must be delivered to the Investment Manager (at the office of the Administrator) before the Redemption Cut-Off Date. Redemption requests received after this day and time will be processed on the next Dealing Day, provided that the Investment Manager may accept, at its sole discretion, a shorter notice.

Should a Unit Holder wish to redeem his/her/its investment prior to the Maturity Date, the redemption will be processed at the NAV per Unit prevailing on the relevant Dealing Day. Redemption requests will generally be settled within fourteen (14) Business Days from the relevant Dealing Day. In the event that redemption requests may not (due to exceptional circumstances) be settled within such period as aforesaid, the Investment Manager will settle or procure that such requests be settled as soon as possible thereafter.

Redemption requests will generally be settled within fourteen (14) Business Days from the relevant Dealing Day. In the event that redemption requests may not (due to exceptional circumstances) be settled within such period as aforesaid, the Investment

Manager will settle or procure that such requests be settled as soon as possible thereafter.

A Specimen Redemption Form will be provided upon request by the Administrator.

Prospective investors are referred to the Prospectus for further details on the redemption procedures.

Liquidity Management

To ensure compatibility with the investment strategy of the Sub-Fund, the Manager employs a redemption policy, liquidity management tools and other conditions to redemptions, consisting of:

(i) *Deferral of Redemptions*

As set out in the Prospectus in more detail, should the Investment Manager receive requests for the repurchase of Units in respect of ten per cent or more of the outstanding Units in the Sub-Fund on a Dealing Day, the Investment Manager (with the approval of the Custodian) may elect to restrict the total number of Units repurchased to ten per cent of the outstanding Units in the Sub-Fund. The terms set out in the sub-section "Deferral of Redemptions" in the Buying and Selling section of the Prospectus shall refer;

and

(ii) *Redemption Fees*

As set out in further detail in the sub-section entitled "Redemption Fees" in the "Fees" section of this Offering Supplement, the Investment Manager may impose a redemption fee. The Investment Manager may, in its absolute discretion, implement the redemption fee where it determines that redemption activity is generating transaction costs that, if left unaddressed, would result in a material dilutive effect on the interests of remaining Unit Holders.

Switching

Unit Holders may not switch Units into units of another sub-fund of the Fund.

Pricing

The calculation of the NAV and of the NAV per Unit shall be affected by the Administrator on every Valuation Day and in such manner as is stated in the Prospectus under the section entitled "Net Asset Value".

FEES

Subscription Fee

There is no subscription fee applicable to this Fund.

Redemption Fee

In the event of any redemption prior to the Maturity Date, the Sub-Fund will be entitled to receive an exit fee up to 5% of redemptions proceeds, which amount shall be determined on a case-by-case basis by the Investment Manager and which will be waived in the event of death claims.

The Investment Manager reserves the right to increase this fee in the event of extreme market conditions.

Service Fee

The Investment Manager will be entitled to receive an annual fee of up to 1% of NAV. The total fee due to the Investment Manager shall accrue and be payable upon Maturity Date by reference to the NAV prevailing on the Maturity Date. The Investment Manager may pay part of this fee due to service providers (such as underwriters and other functionaries), financial intermediaries and/or distributors of the Sub-Fund upon Maturity Date.

The Investment Manager will be reimbursed for all properly incurred and approved out-of-pocket expenses

Custody Fee

The fee payable to the Custodian for the safe keeping of the assets of the Sub-Fund and other services shall be €6,000 per annum. The total fee due to the Custodian shall accrue and be payable upon Maturity Date. Additional fees may also be applicable for other services provided by the Custodian of the Sub-Fund.

No VAT is currently payable on such fees. However if it does become payable, any unrecoverable portion thereof shall be at the charge of the Sub-Fund.

The custody fee and the minimum custody fee exclude expenses incurred by the Custodian in relation to global custody services.

Administration Fee

The fee payable to the Administrator for the performance of NAV computation functions shall be €10,000 per annum. The total fee due to the Administrator shall accrue and be

payable upon Maturity Date. Additional fees may also be applicable for other services provided by the Administrator to the Sub-Fund, which shall also accrue and be payable upon Maturity Date.

Other Expenses

The Sub-Fund shall also bear other expenses as specified in the section headed '*Fees and Expenses in the Prospectus*'.

Alterations to Fees

The Investment Manager may, at its sole discretion, agree to any changes to the fees applicable to the Sub-Fund provided that notice of any material alterations to the said fees as may apply to the Sub-Fund and the date when the said alterations shall come into force shall be given to the Unit Holders in that particular Sub-Fund within thirty (30) days from the date of the Investment Manager's decision.

TAXATION

For details, investors are referred to the Prospectus, under the heading entitled 'Taxation'.

In conjunction with (and in addition to) the information contained therein, investors ought to be aware that the Fund is classified as a non-prescribed fund for Maltese income tax purposes as at the date of this Offering Supplement.

In terms of the Collective Investment Schemes (Investment Income) Regulations (as amended) (SL 123.51), such classifications may be subject to change.

Investors and prospective investors are urged to seek professional advice as regards both Maltese and any foreign tax legislation applicable to the acquisition, holding and disposal of Units as well as distributions, if any, made by the Fund and its sub-funds.

The information above is based on tax law and practice applicable in Malta at the date of this Offering Supplement. Unit Holders of the Fund are reminded that tax law and practice and the levels of tax relating to the Fund and the Unit Holders, may change from time to time.
