INVESTMENT OBJECTIVE, POLICY AND RESTRICTIONS

Investment Objective

The Sub-Fund aims to provide long-term capital growth by investing in a diversified portfolio with a medium to high risk investment strategy

Investment Policies

As the date of this Offering Supplement, the Investment Manager intends to seek to achieve the Sub-Fund's investment objective by investing predominantly in other CISs (including exchange traded funds). In instances, this may involve investing predominantly in CISs managed by the Investment Manager, particularly in sub-funds of Vilhena Funds SICAV plc (SV 4) (hereinafter "**Vilhena**").

Notwithstanding the foregoing, if at any time the Investment Manager determines (in its absolute discretion) that an investment in the sub-funds of Vilhena and/or other CISs is not well suited to achieve the investment objective of the Sub-Fund, the Investment Manager may instead, at any time, invest predominantly and directly in financial instruments other than units of CISs or invest directly in a mix of financial instruments and CISs.

Subject to the investment restrictions contained in the section headed 'Investment Restrictions' below:

- A. The CISs selected for investment by the Investment Manager (both those managed by the Investment Manager and otherwise) (hereinafter collectively referred to as the "**Underlying CISs**") may invest in a broad range of assets, including, without limitation: (i) Investment Grade Debt Securities, Sub-Investment Grade Debt Securities and unrated debt securities of any type; (ii) equity securities and equity like securities of any type issued by companies with any market capitalisation, including ordinary shares (otherwise referred to as common stock), preference shares, American depository receipts, European depository receipts and global depository receipts which are listed, traded or dealt in on a regulated market; (iii) FDIs (including FDIs used for investment purposes); and (iv) real estate investment trusts ("**REITS**"); and
- B. The financial instruments invested in directly by the Investment Manager may include, without limitation the financial instruments listed in A(i) (including exchange traded notes, exchange traded commodities, commercial paper and bankers' acceptances) and A(ii) above.

The Investment Manager (on behalf of the Sub-Fund) intends to be fully invested, however, the Investment Manager may, in volatile market conditions, temporarily invest up to 100% of the Sub-Fund's total assets in cash or Money Market Instruments.

The Investment Manager may (on behalf of the Sub-Fund) also utilise FDIs (including OTC FDI's) for the purpose of efficient portfolio management purpose and hedging, and as such, FDIs will not be used for speculative purposes. Prospective investors are referred to the risk factor entitled 'Use of FDIs' in the section of the Prospectus headed 'Risk Factors' for an indication of the FDIs which may be used by the Investment Manager and the risks associated therewith.

As at the date of this Offering Supplement, it is intended that any non-UCITS CISs which may be invested in by the Manager (on behalf of the Sub-Fund) may be open-ended or closed-ended and may be domiciled in the European Economic Area (including, for the avoidance of doubt, the UK in the event of its exit from the European Union), Switzerland and the United States. The Investment Manager may however, at its sole discretion and at any time (but subject to the investment restrictions outlined in the Prospectus), invest in non-UCITS CISs domiciled in other jurisdictions other than those mentioned in this paragraph.

Investment Restrictions

The general investment restrictions set out in the Prospectus under the section entitled "Investment Objectives, Policies and Restrictions" shall apply to the Sub-Fund

In addition, the Investment Manager will not invest, on behalf of the Sub-Fund:

A. more than 90% of the Sub-Fund's Net Asset Value: (i) directly in equity securities, American depository receipts, European depository receipts and global depository receipts; (ii) directly in Sub-Investment Grade Debt Securities and/or unrated debt securities; (ii) in Equity Funds; and (iv) Underlying CISs, the investment objectives and policies of which (documented in the offering documents thereof), expressly delineate that the said Underlying CISs may invest predominantly in Sub-Investment Grade Debt Securities and/or unrated debt securities PROVIDED THAT for the purpose of calculating the 90% limit, the Sub-Fund's exposures to the assets described in (i),(ii),(iii) and (iv) of this paragraph A shall be aggregated and considered on a cumulative basis and PROVIDED FURTHER that any exposure of the Sub-Fund to exchange traded commodities shall not be considered for the purpose of calculating the 90% limit and any such exposure to exchange traded commodities as aforesaid shall be considered exclusively for the purpose of calculating the 10% limit in paragraph B below .

B. more than 10% of the Sub-Fund's Net Asset Value in: (i) exchange traded commodities; and (ii) Underlying CISs, the investment objectives and policies of which (documented in the offering documents thereof), expressly delineate that the said Underlying CISs shall: (a) invest predominantly in REITS and/or shares of listed companies which invest in real estate; or (b) seek to track a commodity index by investing in shares of companies engaged in the business of the exploring and producing commodities; (c) invest predominantly in derivatives whose value is linked to commodity market indices PROVIDED THAT for the purpose of

calculating the 10% limit, the Sub-Fund's exposures to the assets described in (i), (ii)(a), (ii)(b) and (ii)(c) of this paragraph B shall be aggregated and considered on a cumulative basis and PROVIDED FURTHER that any investment in CISs, the investment objectives and policies of which are such that they fall within the remit of ii(a) or (ii)(b) of this paragraph B shall be considered exclusively for the purpose of calculating the 10% limit in this paragraph B and shall not be considered for the purpose of calculating the 90% limit described in the immediately preceding paragraph A above.

Borrowing

The Manager may borrow money for the account of the Sub-Fund within the parameters set out in the Prospectus under the section entitled "Investment Objectives, Policies and Restrictions".

The global exposure of the Sub-Fund arising out of its FDI positions will be measured on the basis of the commitment approach as set out in the MFSA rules.

SPECIFIC RISK FACTORS

THERE CAN BE NO GUARANTEE THAT THE INVESTMENT OBJECTIVE OF THE SUB-FUND SET OUT HEREIN WILL BE ACHIEVED. IT IS RECOMMENDED THAT PROSPECTIVE INVESTORS CONSULT THEIR OWN FINANCIAL ADVISORS BEFORE DECIDING TO INVEST IN THE SUB-FUND. THE SPECIFIC RISK FACTORS APPLICABLE TO THE SUB-FUND (HIGHLIGHTED BELOW) SHOULD BE READ IN CONJUNCTION WITH THE RISK FACTORS SET OUT IN THE PROSPECTUS.

Credit Risk

The Sub-Fund may invest (either directly or through collective investment schemes) in debt securities which may expose the Sub-Fund to the risk that an issuer may default on the payment of principal and/or interest. In the event that any issuer of bonds or other debt securities experiences financial or economic difficulties, this may affect the value of the relevant securities which may in turn affect the Net Asset Value per Unit.

Equity Investment Risk

Equity investments are subject to greater fluctuations in market value than other asset classes as a result of factors such as a company's business performance, investor perceptions, stock market trends and general economic conditions. Prospective investors should note that this could have an impact on the Sub-Fund's Net Asset Value.

Depository Receipts

The Sub-Fund may invest (either directly or through collective investment schemes) in American depository receipts, global depository receipts, and European depository receipts (collectively, "Depository Receipts"). Depository Receipts generally evidence an ownership interest in a corresponding foreign security on deposit with a financial institution. Because the value of Depository Receipts will be dependent upon the market price of an underlying equity security, such Depository Receipts are subject to most of the risks associated with investing in equities. For further details see the risk factor headed 'Equity Investment Risk' above.

THE FOREGOING LIST OF RISK FACTORS IS NOT DOES NOT PURPORT TO BE A COMPLETE EXPLANATION OF THE RISKS INVOLVED IN AN INVESTMENT IN THE SUB-FUND. PROSPECTIVE INVESTORS SHOULD READ THE ENTIRE PROSPECTUS AND OFFERING SUPPLEMENT AND CONSULT THEIR OWN FINANCIAL ADVISORS BEFORE DECIDING TO INVEST IN THE SUB-FUND.

Payments for investments shall be made in the Base Currency (or in any other currency, in which case this will be converted to the Base Currency in question at the prevailing exchange rate at the cost of the applicant).

In the event that Application Forms and/or subscription monies are received after the Application Cut-Off Date, such subscription (in so far as accepted by the Manager) will be processed on the next Dealing Day. However, the Manager may, at its sole discretion, also accept an application for subscription where the Application Form and subscription monies, although received after the Application Cut-Off Date, are received by or on the relevant Dealing Day in respect of which the applicant has requested his/her subscription

For the avoidance of doubt, if the 28th day of any month is not a Business Day and consequently the second Dealing Day of the month happens to fall on a day in the

next calendar month, such Dealing Day shall, for the purposes of this sub-section of the Offering Supplement, not be construed as being the First Dealing Day of the month

Investors investing in the Sub-Fund (whether through a lump sum investment or via the monthly investment plan) should keep a copy of the Application Form for their own personal reference and records

Quarterly Investment Plan

A quarterly investment plan can be established by completing the relevant section of the Application Form and is made through regular quarterly subscriptions, which subscriptions must be for an amount which is equal or greater than the Minimum Quarterly Investment Amount. An investor desirous of investing through the quarterly investment plan should arrange for a standing order from his/her bank account in favour of the Manager.

Units acquired under the quarterly investment plan will be issued on the 28th day of each month, or, if this is not a Business Day, on the next Business Day thereafter. However, the subscription amount should be received by the Manager before noon of the 23rd day of February, May, August and November of each year or, if this is not a Business Day, on the next Business Day thereafter (the “**Quarterly Investment Cut-Off Date**”). Any payments received after the Quarterly Investment Cut-Off Date will be invested on the first Dealing Day of the following quarter unless otherwise determined by the Manager (at its sole discretion). Pending investment, quarterly contributions will be held in a designated clients’ account by the Manager and no interest will accrue thereon.

Units issued to Unit Holders under the quarterly investment plan will be allotted at the Net Asset Value per Unit on the relevant Dealing Day of the relevant quarter.

In the case of subscriptions via the quarterly investment plan, contract notes (signed by any person vested with legal representation of the Manager and by a person vested with legal representation of the Custodian) will be sent every 6 months, as at 30 April and 31 October, giving full details of the transactions made during the previous 6 month period together with a valuation of such holdings as at these dates.

Reference in this sub-section of the Offering Supplement headed ‘Quarterly Investment Plan’ to the “*first Dealing Day of the quarter*”, “*the first Dealing Day of the following quarter*” and “*the first Dealing Day of the relevant quarter*” shall be construed as a reference to 28th day of such month as stipulated above (that is, February, May, August or November) or if such day is not a Business Day, the next Business Day falling thereafter. For the avoidance of doubt, if the 28th day of the above mentioned months is not a Business Day and consequently the second Dealing Day of the above mentioned months happens to fall on a day in the next calendar month, such Dealing Day shall, for the purposes of this sub-section of the Offering Supplement, not be construed as being the First Dealing Day of the quarter.

Investors investing in the Sub-Fund (whether through a lump sum investment or via the monthly investment plan or via the quarterly investment plan) should keep a copy of the Application Form for their own personal reference and records.

Redemption

A Unit Holder may at any time irrevocably request the redemption of all or any of his Units. Redemption instructions may be made on a Redemption Form (or in any other written form acceptable to the Manager) which must be delivered to the Manager (at the office of the Administrator) before 4 p.m. CET one (1) Business Day before the relevant Dealing Day (the “**Redemption Cut-Off Date**”). Redemption requests received after such date will be processed on the next Dealing Day, provided that the Directors may accept, at their sole discretion, a shorter notice.

Redemption requests will generally be settled within fourteen (14) Business Days from the relevant Dealing Day. In the event that redemption requests may not (due to exceptional circumstances) be settled within such period as aforesaid, the Investment Manager will settle or procure that such requests be settled as soon as possible thereafter.

No redemption or transfer of Units will (unless otherwise determined by the Manager and/or Administrator) be accepted if as result thereof the Unit Holder/transferee will hold less than the Minimum Holding Amount.

A Specimen Redemption Form will be provided upon request by the Administrator.

Prospective investors are referred to the Prospectus for further details on the redemption procedures.

Liquidity Management

To ensure compatibility with the investment strategy of the Sub-Fund, the Manager employs a redemption policy, liquidity management tools and other conditions to redemptions, consisting of:

- (i) an extension of the redemption notice period, as set out below; and
- (ii) the redemption gate, as set out in the Prospectus and below.

Extension of Redemption Notice Period

The Investment Manager may activate an extension of a notice period not constituting more than ten (10) business days if the Investment Manager deems such action to be in the Sub-Fund’s best interest and the best interest of the Sub-Fund’s Unit Holders as a whole, such as when the Manager deems: (i) the economic and market environment to be uncharacteristically volatile or uncertain; (ii) that redemptions of Units and/or the

payment of distributions would place an undue burden on the Sub-Fund's liquidity, adversely affect the Sub-Fund's operations, and/or risk having an adverse impact on the Sub-Fund that would outweigh the benefit to redeeming Unit Holders of redemptions of their Units (including, for example, in circumstances where meeting redemption requests would necessitate the sale or realisation of assets at an undervalue); and/or (iii) such action is required as a result of legal or regulatory changes (including prospective legal or regulatory changes). Such extended notice period shall apply in addition to the Redemption Cut-Off Date by when redemption instructions need to be delivered to the Manager as set out in the section above.

Upon activation of an extension of notice periods, the Manager shall promptly notify all Investors by means of a notice on its website. Such notification shall include confirmation of the duration of the extension and shall specifically address the treatment of any outstanding redemption requests already submitted by Unit Holders at the time of activation, including whether such requests will be processed on the relevant Dealing Day or will instead be subject to the extended notice period.

Deferral of Redemptions

As set out in the Prospectus in more detail, should the Manager receive requests for the repurchase of Units in respect of ten per cent or more of the outstanding Units in the Sub-Fund on a Dealing Day, the Manager may elect to restrict the total number of Units repurchased to ten per cent of the outstanding Units in the Sub-Fund. The terms set out in the sub-section "Deferral of Redemptions" in the Buying and Selling section of the Prospectus shall refer.

Switching

Unit Holders may switch Units (the '**Original Units**') into Units of another sub-fund (the '**New Units**'), provided that the requirements applicable to Unit Holders of the New Units are met by the Unit Holder.

In the case of a switching of Units from one sub-fund to another as aforesaid, Unit Holders are entitled to switch Units on a common Dealing Day for both Sub-Funds provided that the resultant value of the holding of Units of such Unit Holder in each sub fund does not violate the minimum holding requirement of each sub-fund.

In order for the switching of Units to be dealt on the next Dealing Day following the day on which a switching request is made, notice thereof must be given to the Manager (at the offices of the Administrator) before 4p.m. CET one (1) Business Day before the

relevant Dealing Day or such other time as the Manager may, in its sole discretion, determine

Unit Holders desiring to switch Units should refer to the information set out under the section 'Switching' on page 52 of the Prospectus for more detailed information on the switching procedure.

No fees will be charged on the switching of Units.

Pricing

The calculation of the Net Asset Value of the Fund and of the Net Asset Value per Unit shall be effected by the Administrator on every Valuation Day and in such manner as is stated in the Prospectus under the section entitled "Net Asset Value".

Apart from the information provided above, prospective investors should refer to the Prospectus for further details on the subscription/redemption process.

currently payable on such fees. However if it does become payable, any unrecoverable portion thereof shall be at the charge of the Company.

The custody fee and the minimum custody fee exclude expenses incurred by the custodian in relation to global custody services.
