3 INVESTMENT OBJECTIVES, POLICIES, PERMISSIBLE INVESTMENT INSTRUMENTS AND INVESTMENT RESTRICTIONS

3.1 Investment Objective

The objective of the Fund is to achieve long-term capital growth. The Fund will be invested predominantly, though not exclusively, in units of Collective Investment Schemes which invest in any sector of the economies of European countries, with a focus on member states of the European Union. The Fund may also invest directly in listed equity securities in European markets, whilst refraining from concentrating its investments in any one country or market sector of these European economies.

At any time, the investment objective of the Fund will only be changed with the approval of the Shareholders of the Fund.

There is no guarantee that the investment objective of the Fund will be achieved and investment results may vary substantially over time.

3.2 Investment Policies

By investing in a mix of units in Collective Investment Schemes managed by different fund managers, the Fund will predominantly adopt an investment strategy that reflects the different approaches taken by the fund managers responsible for the management of the assets of each Collective Investment Scheme in which the Fund will be invested. Any direct investment in listed equity securities shall nevertheless adhere to the investment objectives of the Fund. In addition, the Fund may invest directly in listed equity securities issued in such European markets to enhance the diversification of the Fund within the parameters of the Fund's base investment strategy provided that the maximum amount of direct investment of the Fund shall not exceed 10% of the Fund's assets. The Fund should be invested in a well-diversified portfolio of listed equity securities issued particularly in the markets of the member states of the European Union.

The Fund shall be invested in Collective Investment Schemes located in various jurisdictions which provide an adequate level of regulation, namely that present within the European Union. Such Collective Investment Schemes are managed by different, internationally reputed fund managers. The Fund's asset allocation and investment in such collective investment schemes shall be conducted on the advice of the Investment Manager.

The maximum level of management fees that may be charged by each Collective Investment Scheme to the Fund will not exceed 2.5%.

It is not the intention of the Investment Manager to invest in Collective Investment Schemes that are managed, directly or by delegation, by the Investment Manager or by any other company with which the Investment Manager is linked by common management or control, or by a substantial direct or indirect holding.

Furthermore, the Fund may hold up to 10% of its NAV in structured notes.

The Fund may transact in Financial Derivative Instruments for the purposes of efficient portfolio management. A detailed explanation of the Financial Derivative Instruments that the Fund may transact in as well as the risks associated with such instruments can be found in Section 6 in the Prospectus under the heading '*Financial Derivative Instruments and their Risks*'.

The Fund may invest in equity securities which are listed on a stock exchange. For a list of those stock exchanges which the Manager may invest in, please see Appendix I of this Fund Supplement.

Apart from the investment restrictions detailed in Section 4 of the Prospectus under the heading '*General Investment Restrictions*', there shall be no restriction on the Fund's exposure to Collective Investment Schemes that invest in any one or more sectors or in any one or more markets.

The Directors may, at their sole discretion, alter the Investment Policies set out above, provided that any material change thereof shall be notified to Shareholders of the Fund.

3.3 Permissible Investment Instruments & Investment Restrictions

For more detailed information on the permissible investment instruments to be made by the Fund, please refer to Section 3 entitled '*Permissible Investment Instruments*' of the Prospectus.

The Fund is also subject to certain investment restrictions laid out in section 4 entitled '*General Investment Restrictions*' of the Prospectus.

4 RISK FACTORS

INVESTMENT IN THE FUND IS SUBJECT TO RISK FACTORS. THE SPECIFIC RISK FACTORS HIGHLIGHTED BELOW SHOULD BE READ IN CONJUNCTION WITH THE RISK FACTORS SET OUT IN THE PROSPECTUS UNDER THE HEADINGS '*RISK FACTORS*' AND '*FINANCIAL DERIVATIVE INSTRUMENTS AND THEIR RISKS*' UNDER SECTIONS 5 AND 6, RESPECTIVELY.

Investments in the securities of smaller companies

The Fund may invest in the securities of smaller companies. Investments in the securities of smaller companies can involve greater risk than is customarily associated with investments in larger, more established companies. In particular, smaller companies often have limited product lines, markets or financial resources and may be dependent for their management on one or two key individuals. This may result in investments in such companies to be more volatile than that in larger companies.

Equity Investments

Investment in equities is subject to certain risks inherent in the market which are attributable to general market conditions. Furthermore, equity investment is also subject to firm specific risk which reflects the risk peculiar to an individual firm.

Investors should therefore be aware that the Fund is subject to both market and firm specific risk.

European Market Conditions

The market for Transferable Securities may be volatile and may be adversely impacted by many events. There can be no assurance that events in Europe or elsewhere will not cause market volatility or that such volatility will not adversely affect the value of the Transferable Securities invested in or that economic and market conditions will not have any other adverse effect.

Investments in Collective Investment Schemes

The Fund invests in Collective Investment Schemes, which implies that its investment prospects and performance is closely linked to the prospects and performance of the underlying Collective Investment Schemes in which they invest.

Macro-economic Risk

Despite progress made during recent years, the economies of the countries in which the Fund may invest in are (with the exception of Turkey) generally still not as developed or diversified as the economies of OECD countries. A deterioration of the economy of one or more relevant countries could negatively affect the performance of the Fund.

THE FOREGOING LIST OF RISK FACTORS DOES NOT PURPORT TO BE A COMPLETE ENUMERATION OR EXPLANATION OF THE RISKS INVOLVED IN AN INVESTMENT IN THE FUND. PROSPECTIVE INVESTORS SHOULD READ THE ENTIRE OFFERING DOCUMENT AND FUND SUPPLEMENT AND CONSULT THEIR OWN COUNSEL AND ADVISORS BEFORE DECIDING TO INVEST IN THE FUND.

5 BUYING, SELLING AND SWITCHING

5.1 Dealing Prices

The dealing price per share for buying Shares (the issue price per Share) will be equivalent to the Net Asset Value per share for each class of shares in the Fund.

An initial charge, as set out in Section of 1 of this Fund Supplement under the heading '*Key Features of the Fund*', is applicable for buying Shares. This charge will be automatically deducted from the amount invested.

The dealing price per Share for selling Shares (the redemption price per Share) will be equal to the Net Asset Value per Share for each class of Shares in the Fund. In the event that exit fees apply, Shareholders shall be required to pay the applicable fee.

The dealing prices applicable for switching Shares between funds of the Company are the applicable issue price per Shares and redemption price per Share of the applicable funds to be switched.

The Net Asset Value of the Fund will be published daily or at such other frequency as the Directors may determine from time to time in a newspaper. The Net Asset Value per Share for each class of shares in the Fund will also appear on the Manager's website on www.bovassetmanagement.com

5.2 Subscription and Application Procedure

Applications for Shares from new investors must be made on the Application Form and applications from existing Shareholders may be made either on an Application Form or in writing (including facsimile communication or by any other electronic means acceptable to the Manager and the Administrator subject that such requests are followed by the original signed instructions) through licensed financial intermediaries listed under Appendix IV of the Prospectus or directly to the Manager at the office of the Administrator. The application to purchase Shares in writing if accepted by the Manager and the Administrator, will constitute a legally binding contract. The Manager and the Administrator reserve the right to reject any application in whole or in part.

A copy of the Application Form should be retained by the applicant for own personal reference and records.

Application Forms duly completed shall be dealt with in accordance with the procedure set out under Section 7 of the Prospectus entitled 'Buying, Selling and Switching'. Settlement should be made in accordance with the Prospectus and the instructions in the Application Form.

Applications received by the Administrator after 16:00 hours (Malta time) on a Dealing Day as well as applications received on a Business Day which is not a Dealing Day, if accepted by the Administrator, will be carried over to the next following Dealing Day and dealt at the prices calculated as at 09:00 hours (Malta time) of the next following Dealing Day.

5.3 Redemption Procedure

Shareholders may, at any time, irrevocably request, via signed instructions to the Administrator, the redemption of their Shares in the Fund.

Redemption instructions may be made on a Redemption Form or in writing in a form acceptable to the Manager and the Administrator (which shall no longer include facsimile instructions) through licensed financial intermediaries or directly to the Manager.

Partial sales of Shareholdings are acceptable provided the resultant value of the Shareholding does not fall below the relevant minimum amount established for each Fund as specified in Section 1 of this Fund Supplement under the heading '*Key Features of the Fund*'). The Administrator may, at its complete discretion, redeem a shareholding with a value of less than such minimum holding. This right will normally be waived in the case of active monthly investment plans.

Shareholders may not revoke or withdraw redemption instructions delivered to the Manager and the Administrator, even if the Directors elect to exercise their power of deferral.

Depending on the amount/s redeemed, this may result in an overall erosion of the capital invested.

Redemption instructions received at the Administrator up to 16:00 hours (Malta time) on a Dealing day, if accepted by the Administrator, will be dealt at the prices calculated as at 09:00 hours (Malta time) on the following Dealing Day. Redemption instructions received by the Administrator after 16:00 hours (Malta time) on a Dealing Day as well as redemption instructions received on a Business Day which is not a Dealing Day, if accepted by the Administrator, will be carried over to the next following Dealing Day and dealt at the prices calculated as at 09:00 hours (Malta time) on the next following Dealing Day.

Settlement of redemption proceeds will be made in accordance with the procedures set out in Section 7.3 of the Prospectus under the sub-heading "*Payment of Redemption Proceeds*".

5.4 Switching of Investor Shares

Shareholders may switch Investor Shares in one Fund ("**the Original Shares**") into Investor Shares in another Fund (the "**the New Shares**") and are entitled to do so on any Dealing Day provided that the resultant value of the Shareholding for each Fund is not below the minimum established amounts as specified Section 1 of this Offering Supplement under the heading '*Key Features of the Fund*').

Shareholders may also switch Investor Shares from one Investor Share class ("**the Original Shares**") to another Investor Share class ("**the New Shares**") within the Fund (subject to the minimum holding and redemption requirements).

Any switching request should specify the number of Investor Shares to be switched.

On a switch between the Original Shares and the New Shares, where the initial fee applied on the New Shares is higher than that applied on the Original Shares, the Administrator will usually charge the New Shares the difference in initial fees

between the Original Shares and the New Shares. Notwithstanding, the Manager retains the right to apply up to the maximum initial fee on the New Shares.

Switching of the Original Shares comprised in a valid switch request shall be effected by the redemption of such Original Shares (save that the redemption monies shall not be released to the Shareholder) and the issue of New Shares, with such redemption and issue taking place on the same Dealing Day/s at the dealing prices as described above.

Irrevocable switching instructions received at the Administrator in respect of the Funds before 16:00 hours on any Dealing Day, if accepted by the Administrator, will be dealt at the prices calculated as at 09:00 hours on the following Dealing Day. Irrevocable switching instructions received by the Manager at the Administrator's Office after 16:00 hours on any Dealing Day as well as irrevocable switching instructions received on a Business Day which is not a Dealing Day, if accepted by the Administrator, will be dealt at the prices calculated as at 09:00 hours on the following Dealing Day.
